

# Microwave Career Award

*Recognizes a career of meritorious achievement and outstanding technical contribution by an individual in the field of microwave theory and techniques.*

## David B. Rutledge

Caltech

Professor Rutledge is the Kiyo and Eiko Tomiyasu Professor of Engineering, Emeritus at Caltech, and a former Chair of the Division of Engineering and Applied Science there. He is a winner of the Teaching Award of the Associated Students at Caltech and a Life Fellow of the IEEE. He is a founder of the Wavestream Corporation, a manufacturer of transmitters for satellite uplinks. He was the Editor-in-Chief of the MTT Transactions on Microwave Theory and Techniques, and he published the books *The Electronics of Radio and Energy Supply and Demand*, both with Cambridge University Press.
