Region 8 November 8th to 10th
Meet-up
Thank you to Luís Cótimos Nunes

Region 8 December 18th to 20th
TBD
Thanks to Kayoum Djedidi

YP @ MTT-S sponsored Events in 2023

Supporting YP activities: new framework

Sponsoring

- YP financially supports an event by either “purchasing” a sponsorship package or sending a MTT-S representative to give a talk / participate in a panel / run a booth or both;
- Sponsorship level adjusted to audience and type of event. Define threshold by which it needs to be brought to AdCom for approval/consideration?
- Define scope of events;
- Define timeline for application;
- Post-event reporting;
- Post-event follow-up: member return on investment?

Funding

- YP financially supports an event by reimbursing the costs of a local YP activity run by local YP volunteers and/or organised by the respective YP Regional Coordinator;
- Expenses filed via Concur and paid directly back to hosting Section or volunteer;
- Define timeline for application;
- Post-event reporting;
- Post-event follow-up: member return on investment?

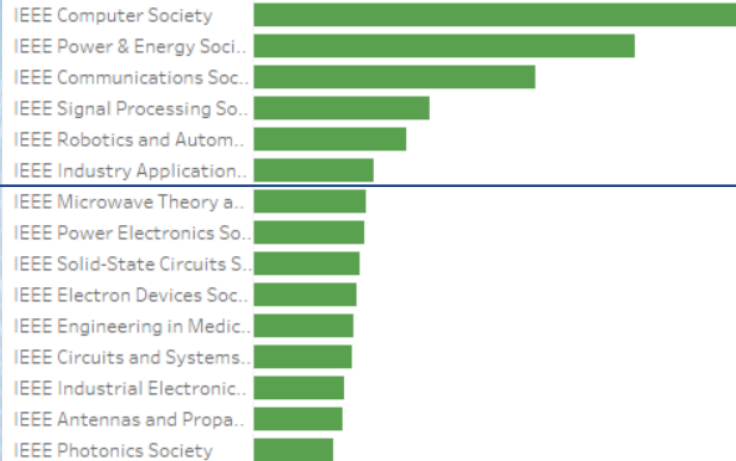

Motion: background

Clear Society efforts to drive YP membership and increase YP representation across our structure

- AdCom ex-officio YP voting members
- YP liaisons in several MTT-S committees
- Support of MTT-S Affiliate Program to grow YP participation in our TCs
- **YP AdHoc Committee created in 2021**

Motion: background

Young Professionals SubCommittee (under MGA)
unclear

YP membership in MTT-S

- Started creating awareness in 2023 AM1;
- Successful straw poll in 2023 AM2;

Motion

IEEE MTT-S AdCom approves the elevation of the AdHoc Young Professionals Committee to a Standing Committee.

Motion: change in ByLaws*

IEEE MTT-S approves the appropriate change in the MTT-S Bylaws to reflect the addition of a new Standing Committee with the following description:

The Young Professionals (YP) Committee shall engage, support and develop the YP membership in the Society and shall maintain records of the Society YP membership. The Committee is responsible for promotion of the Society's interests through maintaining supporting liaison with existing Society (Student) Chapters and promulgating activities that encourage YP membership in the Society. In this liaison position, the YP Committee will also bridge the Society YP community to the IEEE YP community as a whole, encouraging and supporting (Student) Chapters to collaborate with local YP Affinity Groups and Student Branches. The Young Professionals Committee shall disseminate publicity and information of interest on the IEEE YP and the Society YP activities to the (Student Branch) Chapters and to the Society YP membership and YP microwave community. The Committee shall be responsible for promoting YP tracks in MTT-S sponsored (and technically sponsored) conferences and events, creating networking opportunities and offering personal and professional developing tools to MTT-S YP volunteers and YP (future) members of the Society. The Committee shall collaborate with all other (relevant) Committees in the Society on the coordination and generation of YP affiliate programs and assure that this segment of the membership is adequately represented in all facets of the Society.

* Text sent 3 weeks prior to AdCom meeting to all AdCom voting members. Final wording to be reviewed and approved by Operations Committee.
